Live inspired.

ONE OF THE WORLD'S MOST BEAUTIFUL CAMPUSES.

—FORBES

It's a place like no other.

From award-winning architecture to a defined, urban campus near an active downtown, Cincinnati's campus is designed to energize and encourage.

You might call it amazing.

You'll definitely call it home.

Experience is calling. Find yours.

We believe that the walls of a classroom should never confine you or your education.

That's why every Cincinnati student participates in experienced-based learning:

cooperative education / internships / service learning / study abroad / capstone projects / research / artistic performance

WHAT IS CO-OP?

Better than an internship, co-op is semesters of **paid, full-time work in your field**. On average students earn **\$40,000** through total co-op earnings. Students receive guidance on resumes and interviewing, and a database of 100s of employers to work for. Engineering, IT, Design, Business, and Communication all offer co-op experiences.
